Content Left Column:

The tour will present the history of Tel Aviv itself: its origins as the first modern Jewish neighborhood of Jaffa in the 1880s, it’s splitting from Jaffa under British Mandate rule, the national tensions that reached their peak in 1948's War of Independence/Nakba, and all the way to its present-day status as Israel’s main cultural and economic center.
Beyond these historical aspects, the tour will present the city’s unique architecture, as well as current issues of gentrification and urban planning.
